

SAFETY TOWN 2019

SPONSORED BY THE OLMSTED EARLY CHILDHOOD PTA

Do you have a child starting Kindergarten in the fall? If so, Safety Town is a child accident prevention program for incoming kindergarteners. It is a program that introduces safety awareness and preventative procedures to the children. Children practice real life situations before being confronted with situations on their own. Safety Town is the foundation of safety education.

Safety Town in Olmsted Falls is organized through the Olmsted Early Childhood PTA, a non-profit organization consisting of volunteers who seek to unite home, school and the Olmsted community in promoting education, health and safety of children, youth and families. Children who attend will practice safety "out on the town." We have a miniaturized city layout designed to teach children safety near roads and railroad crossings while on their bikes or walking in their neighborhood. Videos, songs and lessons with visits from local Police, Fire and Bus Departments as well as fieldtrips to Police and Fire Departments, all help your child enjoy and understand what he or she is learning.

Safety Town is held at FALLS/LENOX PRIMARY SCHOOL during June.

Session 1: June 17-21, 2019

9:00-11:30 am
or 12:30-3:00 pm
